

## **Marietta Tuckwell – Councillor Nominee**

Marietta Tuckwell brings a wealth of experience in business, administration, and community service to her role as a nominee for Bowden Town Council. With over three decades of leadership in both private and nonprofit sectors, Marietta has worked in healthcare, corporate administration, and entrepreneurial ventures. She previously owned and operated a wellness-focused business and has managed multiple business centres across Alberta.

Her professional background includes extensive administrative roles in oil and gas, health care, and church ministry. She has also worked as an ESL tutor and led bereavement support programs. Marietta developed strong conflict resolution skills during her time with the Better Business Bureau of Southern Alberta and through teaching courses to industry professionals.

Volunteering has always been central to Marietta's life. She has served on nonprofit boards, facilitated self awareness courses, coordinated home group ministries and contributed to community-building efforts both local and internationally. Since moving to Bowden three years ago, she has continued that commitment—currently serving on the Bowden Library Board and remaining active in her church and urban communities.

"My passion lies in serving Bowden through thoughtful and responsible leadership." I want to see my home community thrive," Marietta says. No matter where she lives, she invests her time and energy into creating meaningful connections and contributing to community well-being.
