AUGUST 2021

Mayor Stuart's Community Message

A big tip of the cowboy hat to the Bowden and District Agricultural Society. This amazing group of volunteers hosted one of the more memorable Bowden Daze Rodeos. The weather was nice and obviously people had enough of the restrictions. This was one (if not THE ONE) of the most people that I have seen attend an event at the rodeo grounds. This is even more remarkable as there was no parade or other event. The Events Committee decided that they did not have enough time to organize a good parade. We hope to stage a big come back next year. I would like to thank Charley Brittain and the other entertainers who performed on Friday night.

Just a reminder that Nomination Day is on September 20th. This is the deadline for submitting your nomination papers for the October 18th municipal elections. Nomination packages are available from the Town Office. More information is available on the Alberta Urban Municipalities Association (AUMA) website: auma.ca. After accessing the website, there is a section: Running for Municipal Office which supplies information and commentaries from current elected officials. You are now allowed to attend Town Council meetings in person and are not required to wear a face mask.

At our July 12th Town Council meeting, Town Council gave First Reading to a Bylaw to redesignate town land from Urban Reserve to Heavy Industrial. This land is by the old sewer lagoons and was redesignated to facilitate future development. A motion was also moved that a Public Hearing date be set for August 23, 2021. These motions were carried unanimously.

Even though the weather has been dry, we are seeing more wastewater volume than what we bill for water. In the month of May the Town of Bowden purchased 10,673 cubic meters of water from the Mountain View Regional Water Services Commission. We were billed for 17,980 cubic meters of sewage from the South Red Deer Wastewater Commission. This is a difference of 7,304 cubic meters. Please ensure that your sump pumps do not drain into the sanitary sewer but are allowed to drain outside of your house to the storm water system. The town will be looking at a program to curb the amount of wastewater we are currently being charged for.

Warm regards,

Mayor Robb Stuart
