

Town of Bowden - Special Council Meeting **AGENDA**

A Special Council Meeting of the Town of Bowden
to be held in Council Chambers, at 2101 – 20 Avenue, Bowden,
on **Tuesday 2026-01-13**, at **7:00pm**.

- 1. CALL TO ORDER**
- 2. ADDITIONS / DELETIONS TO THE AGENDA & ADOPTION OF THE AGENDA**
- 3. FINANCIAL**
 - 3.a** Town of Bowden 2026 Operating Budget (2nd Draft)
- 4. ANY OTHER BUSINESS**
- 5. MEETING ADJOURNMENT**

Regular Council Meeting: January 13, 2026	Agenda Item: 3.a
Prepared by: Jacqui Molyneux	Approved by: Mayor Laurie Miller
Report Type: RFD	Attachment(s): 1 Draft 2– 2026 Operating Budget

Administration provides Council with the second draft (overview) of the 2026 Operating Budget for the purpose of further discussion and review.

The second draft of the 2026 Operating Budget has a new format; this format is what our accounting software produces and makes it much easier to change budget lines and also produce a document for council. If there are any lines that need clarification or need the name changed this can be accomplished very easily.

1 Legislative Responsibility

1.1

Section 242 (1) of the Municipal Government Act (MGA) states that “*each council must adopt an operating budget for each calendar year by January 1 of that calendar year*”.

Section 243 (1) of the Municipal Government Act states that the content of an operating budget must include any estimate of the:

- i. *amount to be transferred to reserves,*
- ii. *amount to be transferred to the capital budget,*
- iii. *the amount needed to provide for the council’s policies and programs,*
- iv. *the amount needed to pay the debt obligations in respect of borrowings made to acquire, construct, remove or improve capital property,*
- v. *the amount of expenditures and transfers needed to meet the municipality’s obligations for services funded under an intermunicipal collaboration framework,*
- vi. *amount and source needed to transfer funds to recover any shortfall (deficit) in the budget.*

In addition to the Operating Budget, in accordance with the requirements of section 283(1) of the MGA, Administration is required to prepare a 3-year Financial Plan with respect to anticipated financial operations for the years, 2027, 2028 and 2029. This will be produced after the 2026 Operating Budget is complete.

1.2

Municipalities in Alberta are required by the MGA to produce the following documents:

- | | |
|-------------------------------------------------|-------------------|
| i. Operating Budget | (by January 1) |
| ii. Capital Budget | (by January 1) |
| iii. Consolidated (audited Financial Statements | (by May 1) |
| iv. 3 Year Financial Plan | (section 283 MGA) |
| v. 5 Year Capital Plan | (section 283 MGA) |

1.3

A further requirement of the MGA (section 248) is that a municipality may only make an expenditure that is:

- i. included in an operating budget, interim operating budget, capital budget, or otherwise as directed by Council,
- i. for an emergency,
- ii. legally required to be paid.

2 Borrowing

2.1 Borrowings - Current Infrastructure Loans

Included within the 2026 Operating Budget is the Infrastructure Loan Interest and Principal Repayment for the QEII Crossing infrastructure project (water & wastewater).

For water this is: \$36,941.78 (combined).

For wastewater this is: \$28,848.06 (combined).

The current balance remaining on the water loan as of November 13, 2025, is: **\$133,604.10.**

The repayment date is September 15, 2029.

The current balance remaining on the wastewater loan as of November 13, 2025, is: **\$130,092.88.**

The repayment date is September 15, 2030.

6 Budget Notes

6.1 Taxation income

- i. Taxation income should be increased every year to account for inflation.
- ii. I have included a 3% increase with the 2nd draft of the budget. For increased of 1% on residential this brings in \$8,552.20 and Non-Res is \$2,580.33.
- iii. I do not do increases on the mill rate this is done on the income dollar only as this is easier for council to understand and easier to also calculate.

6.2 Franchise Fees

Franchise Fees are paid to the Town by utility companies for the rights to distribute services within the municipality.

Council has agreed by resolution not to increase either the ATCO or Fortis franchise fee rates for 2026. These remain at 22% and 15% respectively (unchanged since 2017).

Forecasted revenues (provided by the utility companies) for the 2026 franchise fees are provided below with comparatives to past years.

	2026 (estimate)	2025 (estimate)	2024 (Budget)	2023 (Actual)
ATCO Gas	\$78,790.00	\$79,000.00	61,675.00	\$58,596.69
Fortis Electricity	\$144,800.00	\$139,000.00	136,000.00	\$130,596.69
TOTAL	\$223,590.00	\$218,000.00	\$197,675.00	\$189,193.38

It should be noted that:

- i. the ATCO Gas revenues include the net offset tax levy due to the Town.

- ii. all figures are estimates only,
- iii. revenue forecasts are subject to change dependent on several factors including but not limited to changes in electricity / gas usage (either increasing or decreasing) and changes made by Fortis / ATCO to transmission and / or distribution rates.

6.3 Water & Wastewater Utility Rates

This draft of the Operating Budget currently reflects:

- i. Income for water and sewer are the same as last year this accounts for a small increase in water and sewer.
- ii. Water is now at \$3.33 per cubic meter and wastewater is now at \$3.42 per cubic meter.
- iii. Water rates from MVRWC will increase to \$2.53 per cubic meter. I have not seen what the wastewater will increase to.
- iv. Recommendation would be to increase water to \$3.40 per cubic meter and wastewater to \$3.50 per cubic meter.

6.4 Elected Official's Remuneration

The budget estimate for Elected Officials remuneration for honorariums and per diems has not been calculated to include a COLA increase of 5%.

A decision was made in the RCM of November 10, 2025, not to increase the current hourly rate for honorariums and per diems (except for any corresponding COLA % increase awarded to Town Administration Staff).

Further work is required to accurately assess the 2026 cost of elected officials per diems that reflects an increase in predicted workload for the members of new Council, and for the Mayor.

An estimate has been made in the budget for the cost of Councillor Training & Development / Workshop to reflect the predicted increase in Councillor workload for 2026, to cover the work of:

- i. the Economic Development Committee,
- ii. Governance & Priorities committee particularly with regard to planning & development matters.

6.5 Town Wages/Salaries

The 2026 Operating Budget includes a 5% cost of living increase in Administration salaries for all permanent employees across all Departments.

The budget accounts for a new CAO at the higher end of salary and a budget for a CAO assistant to be hired.

Public works there is budget to cover OT and a buffer for a team leader as well within the current hire.

Arena accounts for the one employee returning from LTD. Or it also allows for a Hire to be done during Arena operations if needed.

6.6 Operational

6.10.i FCSS

The draft budget maintains the City of Red Deer FCSS funding at \$66,762.00 in line with the 3-year agreement in place effective until the end of 2026.

FCSS has submitted the budget for 2026 and this also includes the building which is showing signs of a possible roof leak that must be addressed before further damage is done.

12 Deficit with some solutions

The second draft has a deficit of \$183,974.01 which is quite high there are some big-ticket items that can be put to capital using either LGFF or Reserves.

- I. Fire hall upgrades and repairs are in conjunction with Red Deer County, and this is estimated at \$50,000.00 and can be moved to capital which would lower the deficit by \$48,000.00 leaving \$2,000.00 in case of other repairs needed.
- II. Public Works the gate need to have a automatic opener installed as in the winter this gate is very hard to open and takes two people. When on-call needs to get into the gate this could be problematic. This would move \$18,000.00 leaving \$2,000.00 for incidentals.
- III. Computer software is getting more expensive and we do not have a maintenance program with our IT that we use. Adding software during the year just adds more cost and maintenance costs along with repairs are also more expensive through out the year. I have spoken to Jeremey with Inspiris and getting a proposal together that they would essentially be our IT department. This would be like having an IT employee that covers everything from software to IT repairs. Cyber security is becoming a big issue which is getting more sophisticated as years go by. This would also secure our departments and users working from home a more secure connection. Although this adds costs to our software in the long run it saves us from costly upgrades over the years. With our system we have no remote working ability because of security. Moving to a maintenance agreement with Inspiris takes a lot of unknown costs out of our budgeting.
- IV. FCSS building with the roof repair could be lowered by \$8,000.00 and moved as well to capital projects.
- V. Arena the water pipes need to be addressed from freezing and this would be around a \$20,000.00 cost but maybe more as we are waiting for an estimate from Bloomer's to address this issue. Once this is taken care of this would also lower our water costs as in the winter taps must be left on to prevent freezing.

With moving these line items this would lower the deficit by \$94,000.00 leaving a short fall of \$89,974.01.

Suggested Motion

Motion by Councillor _____ that Council instructs Administration to make further amendments to the second draft of the 2026 Operating Budget as required / requested and to resubmit to Council a second draft of the Operating Budget for further review, deliberation, adjustments, and approval.
