Matters arising from past minutes.

#### 6.a Council Resolutions Requiring Follow Up Action

A summary of past Council resolutions that require follow up action is attached.

1

With reference to the Intermunicipal Collaboration Framework the Municipal Government Act dated May 15, 2025 states:

#### Requirements for framework

**708.28(1)** Municipalities that have common boundaries must create a framework with each other by April 1, 2020 unless they are members of the same growth management board.

#### **NEW CONTENT**

- (1) A framework must describe the services to be provided under it that benefit residents in more than one of the municipalities that are parties to the framework.
- (1.1) The content of the framework required under subsection (1) must address the provision of the following mandatory services:
  - (a) transportation
  - (b) water & wastewater
  - (c) solid waste
  - (d) emergency services
  - (e) recreation.

**708.32(1)** The municipalities that are parties to a framework must review the framework at least every 5 years after the framework is created, or within a shorter period of time as provided for in the framework.

2

As previously notified to Council in 2023 the Intermunicipal Collaboration Framework (Bylaw 11-2018) was signed on November, 26, 2018.

The MGA requires a review every 5 years. The review was due in November 2023.

However, a moratorium provided by the Alberta Government was issued – this expired in December 2024.

The Intermunicipal Collaboration Framework therefore now requires a review and update.

In addition, the Municipal Services Agreement between Red Deer County and the Town of Bowden covering Planning & Development Services is due to expire on December 31, 2025.

	2 Water v Wastewater Comparative

#### 9.a Operating Revenue & Expenditures Report

#### 1 Purpose

Attached is the Operating Revenues & Expenditures Report which provides an analysis of actual performance for the period ending June 30, 2025.

#### 2 Background

The report provides an analysis of (unaudited) financial performance with variance analysis against budgeted forecasts.

Administration believes that the report presents a true representation of the financial operating affairs for this period.

#### 3 Notable Observations

Revenues in most cases are short of budgeted amounts which is expected at the time of this reporting period.

Tax Revenues are in line with budgeted amounts with one exception (refer to 3.1.i below).

Expenses are typically within budget which is expected at the time of this reporting period.

The following provides a brief explanation of notable observations particularly where actual revenues and expenditures vary materially from the estimated budgeted amounts.

#### 3.1 Revenues

- i. Municipal Non-Residential Taxes the shortfall (\$867.99) is due to a successful appeal made by the owner of a commercial property.
  - The assessment was conducted by Wildrose Assessments.
- ii. Investment Returns the reconciliation of the savings accounts is not yet complete. This interest earnt is not fully reported.
- iii. Summer Students STEP Grant grant funding for 2 students was applied for, but the application was not successful.
- iv. Water / Wastewater / Solid Waste the revenues reflect 5 months income as June's billings are made in July, one month in arrears.
- v. FCSS revenues due from City of Red Deer these are paid in installments, further revenues are due.
- vi. Ag Society parade revenue this was received in July.
- vii. Water (Other Income) these are planned billings to MVRWSC.

#### **Financial**

#### 3.2 Expenditures

- i. Road Maintenance (Red Deer County Road Maintenance) the budget figure did not reflect the contractual agreement that was effective for 2025.
- ii. Solid Waste (Goods & Supplies Bins) this cost includes the purchase of new bins to replace damaged bins plus additional bins held in stock.
- iii. FCSS (Volunteer Appreciation Supper) this is an overspend.
- iv. Cemetery (Miscellaneous Goods & Supplies) this is the purchase of urn vaults (additional vaults were not required so these were not budgeted for).
- v. Repairs & Maintenance (Olympia) in addition to the estimated scheduled service costs further essential additional work was required.
- vi. Parks & Amenities (Small Equipment / Tool Purchases) this includes the purchase of a new chainsaw which was not included within the original budget.
- vii. Library (Appropriation to Public Library Board) this will be paid in July.
- viii. Museum (Repairs & Maintenance) this is the installation of LED Lights (a non budgeted item).

#### 3.3 Payroll

All payroll values include the payments made to Administration employees on 11th July.

#### NOTE:

Attached is a summary of water & wastewater purchases (<u>by volume m³</u>) for the first 6 months of 2025 (with a comparative from 2023 to 2025).

Good afternoon everyone,

My Council has asked me to extend an invitation to you and your Councils for a summer get together on Wednesday, August 20 beginning at 5:00. We'll provide a meal and refreshments. Council wanted to have a get together before the election so we could celebrate our accomplishments together as a region and honor those who won't be returning. Please let me know who'll be attending by August 15.

Take care,

Karen

I think is something that council should consider, not an administrative decision. I will email Val and let her know we will take this to council to decide on this. Not sure when is was done previously.

Subject: Bowden Grandview School Awards Program

Hi Jacqui,

I was given your name as a contact from the front desk when I called to explain the following situation:

Bowden School has offered the "Town of Bowden Scholarship" for longer than I have been doing the awards program. We have never had a qualifying candidate for the award. I have several questions (that I should have investigated further in the past, but am hoping to square up for the fall program):

1) Is the Town of Bowden still interested in providing an award to students?

- 2) What is the monetary value of the award? My digital records date back to 2015 and nowhere can I find the value provided. (Most awards our school offers for graduating students are in the \$300 to \$500 range).
- 3) If the Town is interested in providing the award still, can we adjust the criteria to be more accessible to students? Here is the current criteria for the Town of Bowden Municipal Scholarship:

This scholarship is available to Bowden Grandview graduates who are entering studies in either administrative or non-administrative areas of municipal careers.

#### 2 Cemetery

The CAO has conducted a tour of the cemetery.

A number of headstones were out of position. It is believed this is a result of carelessness during cemetery maintenance operations.

As a result, changes have been made to operational procedures.

An inspection of the cemetery will be made immediately following each grass cutting operation.

The CAO attended the following meetings:

- i. Alberta Municipalities Summer Seminar & Conference,
- ii. Sub Development Appeal Board Hearing,

- iv. Occupational Health & Safety (Meeting & Inspection),
- v. Exploratory meetings & discussions with regard to future land development.

#### 4 Bylaws

#### 4.1

The CAO has reviewed the Councillor Code of Conduct Bylaw.

This bylaw cannot be repealed as embedded within the bylaw are other provisions that do not relate solely to procedures regarding sanctions and disciplinary actions.

For example, there are guidelines under the titles:

- 6.2 Communicating on behalf of the Municipality
- 6.5 Respectful Interactions with Councillors, Staff, the Public and Others
- 6.6 Confidential Information
- 6.7 Conflicts of Interest
- 6.9 Use of Municipal Assets and Services
- 6.10 Orientation and Other Training Attendance

It is anticipated that these will be form part of a revised (consolidated) Council Procedural Bylaw.

#### 4.2

Work is required to update the Traffic Bylaw and the Nuisance Bylaw in order to provide the Bylaw Enforcement Officer with a more effective suite of bylaws.

Administration is proposing to create a new bylaw covering all forms of vegetation titled, "Trees, Grass, Weeds, Parks & Green Waste Bylaw.

Updates for Red Deer & District FCSS Program

Good afternoon,

Just a couple of updates from our last meeting.

We are currently in the priority setting phase of the Red Deer & District FCSS Funding model which includes:

#### Three-Year Funding Cycle

- 2027-2029 Priority Setting
  - o Administration is currently renewing our 3 year cycle and identifying and ranking priorities
  - Surveys will be distributed to stakeholders (including of course all FCSS funded organizations) over the summer, to identify and rank priorities in Red Deer & District
  - There will be additional focus on community assets and strengths this funding cycle
  - Timeline for next 12 months:
    - Consultation with Community Workers/Navigators June (complete)
    - Surveying and Trends in Review document July/August
    - Board/Council Presentations and Finalization of Priorities Sept/Oct/Nov
      - Trisha, Karen, Jo-Ann and I suggested that due to the Municipal Elections, local Council's may not have time to work through a Priority Setting feedback session as has been done in the past. The decision therefore was to create a report for information from the FCSS Board recommendation approvals in September that will be shared with all six municipal Council representatives to bring to their Councils.
    - Completion of Grant Application Process document December
    - Open Call for 2027-2029 Applications early 2026 (Jan/Feb)
    - Review of Applications Mar/Apr

- Final Granting Decision May/June
- Funding Announcement June

#### FCSS Staff Retreat

 We decided that the Staff Retreat would be more valuable on a bi-annual basis therefore rather than planning a retreat this year, we would use the funds to support staff to attend the FCSSAA Annual Conference. Please indicate how many staff you would like to send to the conference asap.

Thanks all, have a GREAT summer and we will chat soon 📀

# A MESSAGE FROM THE BOARD CHAIR

It gives me great pleasure to share our 2024 annual report to the community. On behalf of the Board of the Parkland Foundation we are very thankful to have had the opportunity to serve our residents and their families! Our seniors are the foundation that we were built upon and deserve to be well taken care of!!

We have once again been very grateful that our occupancy rates have remained steady, and it goes without saying that this means our residents are happy in their surroundings! It is our goal to have folks enjoy their surroundings and this means that many of our maintenance project mandates have been completed! We are thankful as well for the capital funding received from the AB Government which funds these projects and makes them possible.

As a board our composition is made up of appointed elected officials from Bowden, Delburne, Elnora, Innisfail, Penhold and Red Deer County. We have remained quite continuous in our board representation over the years, which has been good for us as we finish projects and set new goals!

Our staff are committed to ensuring the care and happiness of our seniors and I would like to take this opportunity to thank everyone for their ongoing efforts to ensure our seniors are well cared for! Positive attitudes and smiles go a long way!!

To my fellow board members, I would like to personally thank you for your efforts and dedication to our board and the seniors and families that we serve within our communities!! To the team at Bethany, I would like to thank you all for another year and such a positive working relationship!

It has been my honor to continue to serve as Board Chair for the Parkland Foundation and represent the communities within our mandate. First and foremost, we remain committed to serving our vulnerable seniors and their families.

### A MESSAGE FROM THE CAO

It is wonderful to see our lodge marketing strategies supporting the continued interest from residents to make their home at Autumn Grove throughout 2024. An organization-wide group of lodge managers and administrative staff have been working together and sharing creative strategies for helping the public to understand the services provided in a lodge setting and the benefits of lodge living. It has been great to see such collaboration and innovative thinking to demonstrate how our seniors' lodges support the community.

Board members and administration were pleased to participate in the provincial lodge program review engagement session to identify areas within the provincial lodge program that require a different approach in order to meet the changing needs of clients accessing this service. The provincial Lodge Program Review Committee prepared a report with a number of recommendations for the Minister. We look forward to the release of this report to assist us in planning for future direction.

The new Continuing Care Act came into effect April 1, 2024 and for our lodges, this meant a change in the areas of compliance monitoring and accommodation licensing renewals. It has taken a number of months to sort out these changes with the ministry staff but we are seeing resolution and receiving our renewed licenses as well as responding positively to changes to compliance monitoring with successful audits.

We have also been able to participate at a number of provincial tables discussing lodge, housing and continuing care system changes and advocating for areas that require further consideration.

In terms of workplace culture and employee support, a number of opportunities presented themselves over the past year...we were able to include lodge employees with our continuing care teams in a Wellness Conference that was funded through an Alberta Health grant; we initiated a workplace culture program that we call mYsoul@work that teaches staff about the importance of emotional intelligence, how to bring spirit to the workplace, why they matter and how they make a difference as well as how to bring your best self to work.

I would like to take this opportunity to thank our staff for their ongoing work and dedication to make the lodges a warm and inviting home for the residents that we serve.

I would also send my thanks to the many residents and families who put their trust in us all to provide quality housing that includes lodge services such as housekeeping, enticing meals and enjoyable activities. The Lodge program allows residents to participate in the life of the lodge as much as they choose while enabling them to continue to participate in the external community as they like. We are also pleased to be able to provide quality, affordable housing for seniors in the Parkland service area.

The Bethany Group is proud to provide the administrative function for Parkland Foundation and we thank the Parkland Foundation Board for their ongoing support of Administration for Autumn Grove Lodge in Innisfail and Seniors Self-Contained and community housing in Innisfail, Bowden, Penhold, Delburne and Elnora.

Respectfully,

# BUSINESS PLAN 2023-2025 YEAR THREE ACCOMPLISHMENTS

### OUTCOME # 1 INVESTING NOW AND IN THE FUTURE

Parkland Foundation is happy to report that they have been very successful in receiving funding for repairs for the Seniors Self Contained apartment program over the three years of this planning cycle.

Work on eleven suite renovations in Bowden and Innisfail was completed in 2024. Funding for mechanical systems was awarded in 2024, and that work has continued into 2025 with the equipment now arriving for installation. In April 2025, \$130,000 has been awarded to address sidewalk replacement in Bowden and renovations in community housing.

Parkland Foundation would like to thank DEEP, a community organization in Delburne, for their ongoing support of Elk Haven Manor.

The Foundation recognizes that with the increasing senior population in Alberta, good planning to meet projected increased demand is extremely important. Funds were set aside in 2024 to assist in planning the process. While this formal work has not started, the board is discussing community needs regularly and watching for opportunities.

### OUTCOME # 2 INTEGRATED HOUSING AND SUPPORTS

Parkland Foundation is committed to providing an affordable housing option for seniors so they can live in their community of choice. Receiving regular resident feedback and seeking out areas of improvement are an important part of meeting the needs of our residents and communities.

#### QUALITY IMPROVEMENT

The 2024/2025 initiative is Admission and Move-Ins: A Welcoming Experience. Residents and families were consulted on their move-in experience and with this feedback, improvement to processes have been suggested. Sites are currently testing standardized checklists and making additional recommendations.

A Food Services committee has been established and is building on the work of the previous quality improvement initiative to ensure consistent food quality and cost-effective ordering. Seasonal menus are shared with residents in advance to allow an opportunity for their feedback.

#### **OUTCOME # 3 TRANSITIONS AND AGING IN THE COMMUNITY**

Parkland Foundation is monitoring legislative changes and best practices in the continuing care and affordable housing sectors of Alberta. Assisted Living Alberta was established by the Province on April 1, 2025 and the Foundation is looking for opportunities for improved coordination of the delivery of services to our residents.

Applications have been made regarding in-house Home Care services and Adult Day support programming. No decision on these applications from AHS has been communicated at this time.

#### OUTCOME #4 FAIR AND FLEXIBLE

Parkland Foundation looks to find a balanced approach to offering fair and affordable rent and service packages, identifying operational efficiencies and best practices while being mindful of the use of local tax requisition dollars. Increasing costs and Inflationary pressures are a top-of-mind issue for our lodges.

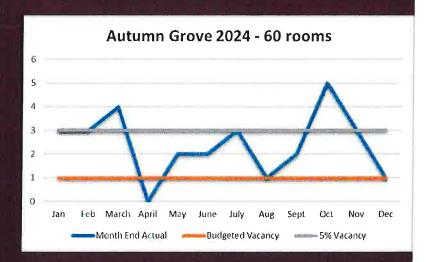

With our partnership with The Bethany Group we have been able to have some shared staff positions to provide full-time, quality work for qualified individuals.

Board members from Parkland Foundation and The Bethany Group Administration participated in the Seniors Lodge Program Review consultations in March 2024 and have advocated for needs of rural lodges and fair funding support from the Provincial Government. We are awaiting the release of the final report, and hope to see recommendations that can be implemented that will enhance the lives of the residents and improve the sustainability of the lodge program.

#### **OUTCOME #5 A SUSTAINABLE SYSTEM**

Parkland Foundation has completed a board skills assessment to ensure targeted skills and knowledge at the board level to support good local governance.

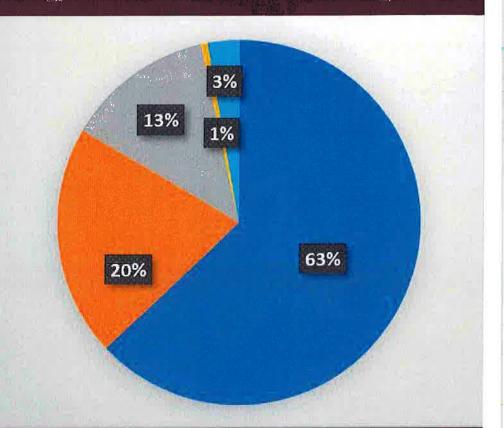

The lodge marketing working group continues to review and update best practices and develop new promotional tools. Autumn Grove Lodge has a vacancy rate of less than 5%.

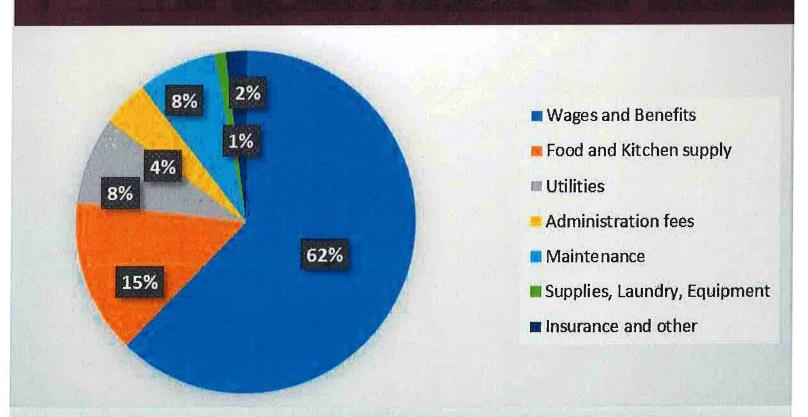

Parkland Foundation continues to advocate for increased sustainable financial support from the provincial government, to address rising costs and to protect low to moderate income seniors without sacrificing service quality.
